

With a decade-long expertise in design and development, I am a dedicated UX professional specializing in creating empathetic and innovative digital experiences.

Deloitte LLP

2019 - Present

Responsible for designing and developing digital properties within the fundraising space, I offer clients new avenues to engage with donors and provide best-in-class solutions.

Canadian Cancer Society

2015 - 2019

Led the design and development of online fundraising platforms on a national scale, contributing to multiple programs that collectively enabled the Society to generate over \$70 million annually.

Durham Radio Inc.

2013 - 2015

Oversaw and sustained the websites, digital content, customer support, and graphic design materials for six radio brands.
